## An Uncertain Market

Stocks experienced wild swings last week, in part, due to ongoing uncertainty over economic health and the path of inflation. Investors seemed conflicted when interpreting the data, in some instances viewing economic strength as a negative since it may mean more aggressive rate hikes from the Fed.

Illustrative of how this uncertainty has played out, stocks surged higher on Thursday despite comments from Fed Vice Chair Lael Brainard indicating it's unlikely that the Fed will pause on rate hikes. Then on Friday, stocks dropped as a better-than-expected jobs report raised concerns about monetary policy.

## Strong Job Growth

The U.S. economy added 390,000 jobs in May, a slowdown from recent months but higher than consensus estimates. Job gains registered in several categories, led by leisure and hospitality, professional and business services, and warehousing and transportation. The retail sector lost jobs.<sup>4</sup>

The unemployment rate remained unchanged at 3.6%. Wage growth cooled off, with a 12-month increase of 5.2%, down from April's year-over-year jump of 5.5%. Finally, the labor participation rate ticked higher again, reflecting how job availability is helping to pull Americans off the labor-market sidelines.<sup>5</sup>

## TAX TIP

### **What To Do if You Didn't Receive Your W-2**

If you don't receive your W-2 or 1099 by January 31 of the year, you are filing taxes, or if the information on these forms is incorrect, contact your employer/payer. If you still haven't received the forms you need by the end of February, you can contact the IRS at 800-829-1040, and they may be able to help.

When you contact the IRS, they will also reach out to the employer/payer for the information you need, and they will also send you Form 4852, which is a substitute for a W-2 or 1099. To do this, they will ask for your employer/payer's name, address, and phone number (as well as your information).

\* This information is not intended to be a substitute for specific, individualized tax advice. We suggest that you discuss your specific tax issues with a qualified tax professional.

## How to Make Hummus

Hummus is a dip made primarily from garbanzo beans and is great on pita bread, veggies, or chicken. Here's how to make hummus:

1. In a food processor or blender, combine  $\frac{1}{4}$  cup tahini (sesame paste) with  $\frac{1}{4}$  cup fresh lemon juice—process for one minute.
2. Add 2 tablespoons olive oil,  $\frac{1}{2}$  teaspoon ground cumin,  $\frac{1}{2}$  teaspoon of salt, and 1 minced garlic clove to the mix and process until well-blended in 30-second increments (about a minute).
3. Add half a can ( $\frac{3}{4}$  cup) of rinsed chickpeas and process for 1 minute. Then, add the other half of the can and process another 1-2 minutes.
4. If your hummus still has bits of chickpeas, process the hummus a bit more while slowly adding 2-3 tablespoons of cold water.

## WEEKLY RIDDLE

There is a 5-letter, single-syllable word that you can take 4 letters out of, leaving you with only a single letter that has the same pronunciation as the original 5-letter word. What is this word? (Hint: it involves waiting in line.)

*Last week's riddle: There are 2 nouns in the English language that become men's names when you capitalize them – and when you capitalize them, you alter their pronunciation. Name either or both of these 2 nouns, both of which end in 'b'. Riddle Answer: Herb and Job (herb and job).*
